

**OUR NAME. OUR REPUTATION. O'MARA.**

## **STORAGE BINS - ENGINEERING - DESIGN - MANUFACTURING - CONSTRUCTION**

O'Mara Ag and Equipment Services is the clear choice for storage, surge, holding and material bending bins. Our experienced team designs, develops and manufactures bin solutions to meet your specific needs.

Our custom solutions are the perfect way to store the fruits of your labor. Bins can hold seed corn and soybeans, edible corn, edible soybeans, dry edible beans, popcorn, sunflower seed, alfalfa, clover, grass seed, sweet corn seed and miscellaneous grains.

Our thorough approval process ensures we do the job right the first time. From early planning to manufacturing and assembly, everything is handled under one roof. You'll save time and money, and you'll know exactly what you're getting before a single wrench is turned. We're confident that after your bin solution has been installed, you won't call us until it's time for your next order.

### **FIND THE SOLUTION YOU NEED**

Our team will guide you through our many features and options to build your perfect bin. Our process revolves around providing simple selection and approval stages, and we guarantee your bin will be easy to install. At O'Mara, the seedsmanship is built in.
